What is “One and Done”?

- A workflow where Mozilla Community Contributors can pick tasks and work on them - one at a time, one day at a time - and feel good about doing them.

The screenshot shows a web browser window with the title "One and Done | Mozilla QA Taskboard". The address bar contains "http://taskboard.qa.mozilla.org". The page content includes a "Sign in" button in the top right, a large "One and Done" heading, a subheading "Contribute to Mozilla QA - one task at a time, one day at a time.", a large stylized "Q" logo, a "Sign in with Mozilla Persona" button, and a link "What is Mozilla Persona?". The main text on the right encourages users to contribute to Mozilla QA on a daily basis, pick one task, and work with the community to improve the quality of their work.

Come and make a meaningful contribution to Mozilla QA on a daily basis. There are lots of ways for you to get involved, even if you're not a technical person. Pick just one task based on your time availability and skill level. Complete it with plenty of help from Mozilla QA staff and other contributors like you. Work with us to improve the quality of what we produce and feel rewarded. Become a part of the Mozilla community and help us make the Web a better place for the millions of people who use it.

Areas of Interest

- Find an area of your interest from among the many projects at Mozilla QA.

Desktop Firefox

We test Desktop Firefox for new features and resolved issues before release. Help us hunt down bugs!

Mobile Firefox

We test Firefox for Android to ensure web content is viewable, acceptable and ready for consumption.

Firefox OS

We test Firefox OS, a new mobile operating system, and Marketplace, that offers apps.

Web QA

We ensure that all Mozilla websites are high quality, secure, and user friendly.

Services

We aim to improve the quality of Firefox, desktop and mobile. We also test all Mozilla Labs projects.

Automation

We build automated tests to run against Mozilla websites to make sure they are working as expected.

Thunderbird

We test the Thunderbird mail client for resolved issues before release.

Time and Ability

- Pick tasks that you feel comfortable doing.
- Decide how much time you have in a day.
