## Testday Firefox 16 Beta 4 Smoketests

Thank you!

Thank you for contributing to Mozilla QA! Your time and effort are highly appreciated. We'd love to hear from you. Tell us about your experience here.

We'd love to know what we're doing right, what to keep doing, and what to start doing.

Automation Services: Selenium, Web QA, Browser Technologies, Desktop Firefox, Thunderbird

Add another area of interest

Could we instead  
do sth. like  
what can i do for mozilla.org?  
-> remember which areas  
you chose when, prefer  
suggesting most recently  
chosen (and most under chosen?)

Are (new) people  
able to judge that?

Do we need this  
page at all?

Too many select boxes!

REPLACE

with what can do for mozilla -style  
 → select are a there, gets you to straight list (priority order, maybe some dynamic filters)

→ Only 1 instead  
Style of  
what can do form or pills  
→ Proposal

→ Mozillians!

→ Auto-fill from recently picked

Display badgys + progress bar

Time avail depends on interest in task

estimated time added to tasks.

ETA - add ETA to tasks that must be fulfilled till a certain time. we can state a badge status (this task has a badge for it) (do 50 tasks like this one => get this badge).

# One and Done

Contribute to Mozilla QA - one task at a time, one day at a time.

Come and make a meaningful contribution to Mozilla QA on a daily basis.

There are lots of ways for you to get involved, even if you're not a technical person.

Pick just one task based on your time availability and skill level.

Complete it with plenty of help from Mozilla QA staff and other contributors like you.

Work with us to improve the quality of what we produce and feel rewarded.

*Specify importance purpose*

## Our Teams

Automation

We build automated tests to run against Mozilla websites to make sure they are working as expected.

Web QA

We ensure that all Mozilla websites are high quality, secure, and user friendly.

Browser Technologies

We aim to improve the quality of Firefox, desktop and mobile. We also test all Mozilla Labs projects.

Desktop Firefox

We test desktop Firefox for new features and resolved issues before release.

Thunderbird

We test the Thunderbird mail client for new features and resolved issues before release.

## Comments

juanb 10/10/2012 9:50 AM  
Are all the test cases in MozTrap now?

comd 10/10/2012 3:20 PM

All in there now, otherwise run this \$complex\_query to check.

## Chat

Use this chat window to ask for help. Friendly Mozilla QA team members and community contributors like you would love to guide you!

```

09:30 <juanb> Hi, jane_doe!
09:30 <jane_doe> Hi. I'm new here. I'm
scared. How do I get started?
09:30 <mbrandt> Heya, jane_doe!
09:31 <stephend> I breakfast > Everyone,
please welcome jane_doe.
09:32 <jane_doe> What is MozTrap?
09:32 <camd> That's where we keep all our
test cases.
09:33 <jane_doe> What environment should I
select?
09:33 <juanb> Are you on Windows?
09:34 <jane_doe> Metro 8, err... Modern UI,
err... Win 7 SP3?
09:34 <juanb> Select Windows.
09:34 <juanb> Do you have Firefox 16 Beta
4?
09:35 <jane_doe> No, where can I download
it?
09:35 <juanb> Look at the link on the left
Ok, starting download now...
  
```

*I think this implies a v. quick response which is not guaranteed at all!*

## Start

Track your progress here as you move towards the completion of the task.

## Finish

Pause  I'm done

Don't have time to finish this task right now? Come back later and finish it.

↑ Add date the task was last completed for a cyclic task. So if smoketest not completed today then it will float to the top and get done.
